

## WOW Fusion Aftercare

The **WOW fusion**<sup>®</sup> is a unique needling device that allows your practitioner to design a hyper-personalised serum especially for your skin. The serum is then delivered directly where it needs to be via 20 ultrafine surgical steel needles,

The needles are at 0.13 mm in diameter, electroplated with nickel and then 24K gold. The tapered needles allow the serum gets straight to work improving the skin condition at a cellular level.

The **WOW fusion**<sup>®</sup> treatment might mean your skin feels different for a few days.

For the first 24 hours avoid touching the skin unnecessarily, wearing make-up, avoid sun, sunbeds, steam and saunas.

Always wear SPF

Keep skin hydrated-drink plenty of water, moisture well.

Don't be tempted to pick or pull your skin.
