

SKIN BOOSTERS

Teosyal Redensity I

| | |
|---------------------------------------------------|------|
| 1ml per session (one small area eg. Eyes/top lip) | £165 |
| 3ml per session (full face OR neck) | £435 |

FACIAL/SKIN TREATMENT OPTIONS

Our facial treatments are a great way to improve overall skin health and address skin concerns that can lead to dull, ageing skin. Our registered Nurses can also help to treat a variety of skin concerns that lead to impaired quality of life such as: acne, congestion, hyperpigmentation, melasma, acne scarring, rosacea and others. A full consultation will help to determine which treatments or products would be most suitable and sometimes prescription medication is required or a referral to other health professionals such as your GP or a dermatologist may be arranged.

SKIN ANALYSIS

| | |
|---------------------------------------------------------------------------------|-----|
| 1 session with our Skin Analysis device including consultation & treatment plan | £50 |

 www.luciamedicalaesthetics.co.uk

At Lucia Medical Aesthetics we hold very high standards and will only provide safe and effective treatments. We stay updated with the latest techniques and technologies to ensure we deliver the best possible, evidence-led care to our patients. Aesthetic medicine is Lucia's passion and we believe this shines through and is evident as soon as you walk through the clinic door! We pride ourselves on being friendly, open and approachable but we also know when we need to say no.

Our belief is that aesthetic treatments can change lives whilst maintaining a natural appearance and we look forward to welcoming each and every one of you on your journey to healthier, fresher skin and boosted confidence and well being! The clinic is registered with Save Face, a voluntary regulator that carries out safety and standard checks on a regular basis to give patients confidence in our quality of care.
